FALCON®

W Series

Medium duty, Grade 2 cylindrical
lever and knob locks

Overview

Falcon is dedicated to providing a solid product at a solid price no matter the application. When an affordable lock is needed for lower traffic doorways in government, retail, industrial or multi-family applications, the W Series lock fits perfectly. With seven lever styles and two knob styles as well as two popular rose diameters (large and small), Falcon can match most commercial door trim.

The Falcon W Series locks feature conventional cylinders and small format interchangeable cores that are compatible with SFIC products from other manufacturers. Our conventional cylinders are available in all Falcon conventional key sections, as well as Schlage® C keyway, which we now masterkey across the complete Falcon product line.

W Series

Medium duty, Grade 2 cylindrical lever and knob locks

The Falcon W Series is a solid product that offers versatility at a solid price.

- Reliable and proven Grade 2 construction
- Heavy duty springs for better lever return and to prevent sagging
- Non-handed for easy field assembly
- Abrasive lever coating option available
- Priced to meet your budget
- Schlage C masterkey available
- Manufactured to Allegion's industry-leading quality standards

Lever and knob styles

Can be suited with a variety of Falcon locks and exit device trim. Levers also suite with Schlage residential lever designs, making the Falcon W Series perfect for multi-family applications.

Available finishes

¹ Available in Boardwalk, Broadway, Latitude, and Longitude levers only
² Finish not available with small rose diameter

Rose diameters

The Falcon W comes in different rose diameters to meet your customer's needs. In addition to the 3 3/8" diameter, a smaller 2 9/16" diameter is available to meet narrow stile door requirements.
